Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

2. Create Sermon-Based Studies How to write engaging group studies that tie into your pastor's sermons. Churches across the world have had success with small-group campaigns that link the sermon with what small groups study during their meetings.

Top 10 Small-Group Training Tools of 2017 | Small Groups

No diversified portfolio in that report has done better than 1-2% per year more than a similarly risky portfolio over the last 15 years. Now 1-2% does matter, especially over long periods of time, but keep in mind the edge that a very complex portfolio might provide over a very simple one can easily be eaten up by advisory fees, behavioral errors, and poor tax management.
