Introduction to Pairing Positions on the Cello. Cello students who have studied the entire range of the cello will almost certainly have discovered a recurring pattern of similarity between certain positions one octave and string apart.

Neck Positions - The Cello Companion

Most music for cello beginners is written with the hand in 1st position, with the hand remaining closest to the scroll of the cello. Using the elevator analogy, music for beginning cellists generally requires the hand to remain on the 1st floor in 1st position to finger most of the musical notes.

Cello Online - Shifting and Positions

Typically, the first three finger position we encounter on the cello is upper fifth. The easiest way to find this position is to play the natural harmonic (an octave above the open string) with the third finger, then find the correct places for the second and first fingers.
