To put it simply, ethics consist of the moral code, or philosophy, that guides a person's choices and behaviors throughout their life. The idea of a moral philosophy extends beyond the individual to include what is right

(and what is wrong) for the community and society at large.

### **Ethics and Morality | Psychology Today**

Both morality and ethics loosely have to do with distinguishing the difference between “good and bad” or “right and wrong.” Many people think of morality as something that’s personal and normative, whereas ethics is the standards of “good and bad” distinguished by a certain community or social setting.
